### Product description

High quality spray to intensify the colour of car tyres.

### Product characteristics

User-friendly  
Contains silicones  
Protects against weather influences  
pH-neutral  
Gives a glossy result

### Physical and Chemical Characteristics

Contents : 600 ml  
VOC-content : Approximately 85% w/w  
Scent : Characteristic

### Usage

**Before use, carefully read the directions on the packaging and act accordingly.**

The aerosol should have room temperature.  
Best processing temperature 5 to 30°C.  
Before use, shake the aerosol.

The surface should be clean and dry. Avoid contact with the brake parts.  
Apply Tyre Shine in a thin, equal layer on the flanks of the tyre.

**Not suitable for two-wheelers.**
