

Technical Data Sheet

Q 60-015 Silicone Remover Aerosol

Characteristics:

The special combination of ingredients enhances the cleaning spray, the adhesion of the subsequent paint coats and removes dirt, grease, oil and silicon or any other dirt quickly and simply. The ideal preparation before priming and painting. Ideal for effective pre-treatment of soiled, greasy and oily surfaces and objects; ideal base for all subsequent priming and paint work. Special active substance combination based on a mild, nonaggressive solvent.

Application:

Spray the surface that needs to be cleaned evenly from a distance of 15- 25 cm. Wipe off dirt with a fleece or cotton cloth.

Do not allow to dry; wipe off when wet.

Drying time: As soon as the surface or painted object is clean and dry.

Repeat cleaning if necessary.

CAUTION: Check compatibility of plastic surfaces.
